Because ideas change the world

IDEATE

Do you have that one idea that just won't let go of you? Then take the first step towards your startup together with us and turn your idea into a catalyst for change of the future!

We support you in the very first steps of your entrepreneurship journey – from vision and customer feedback to business model development, business case, financial planning and funding opportunities, all the way to a convincing presentation of your idea.

Your Benefits

Mentoring
Honest feedback, next steps and a focused roadmap

Flex-Desk
Access to shared desk workspaces and meeting rooms

Community
Access to networking events specifically for founders

Training
From vision and market research to pitching

Events
Invitations to community meetings to connect with other startups

What is funded?

- Projects at the idea stage and in the early phase
- Development-intensive business ideas with scaling potential
- Technologically innovative, creative industries or tourism-related projects
- Commitment to founding a company in Upper Austria
